Dear Alexandra,

We are so happy that Logan was able to be a part of this production. This has been such a great experience for Logan. I believe he has found a place that is truly accepting. Thank you for all that you have done to create such a safe space.

Best,
Jodi

Dear Alexandra,

Thanks for all your support of Nicole this year - I was so proud of her performance last Sunday - belting out those songs - you and Amas are a real confidence booster for her!

The show was so joyous this year and all the young people seemed to be super engaged!

Best,
Michelle

I love the Academy! I just wanted to say thank you for everything this year!

The week after Amas ends, I am a wreck I have the blues for at least a week! Thanks again!

PS: I registered for the fall already! See you in October :-)

Dear Alex,

Coming to Amas has helped me further my exploration in the arts, I was originally a dancer but once I started I realized that I am into singing and acting as well. Not only has Amas helped me grow artistically it was helped me with being responsible and professional. Can't wait to continue studying with Amas!
